WB-P057031

Management and Protection of Laguna del Tigre Project National Park (GEF-MSP)

Project Description

The goal of this project is to conserve the biodiversity and natural habitats of Laguna del Tigre National Park and Biotopo, the largest core zone in Guatemala's protected areas system. This goal coincides with that of the Guatemalan government, as articulated in the 1999-2003 Master Plan for the Laguna del Tigre Management Unit (CONAP 1998).

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
