Saving Glaciers: Artisanal Industry Aims to Stop the Melt and Save Water

### **Project Description**

Climate change is melting tropical glaciers. A DM award will support Glaciares Peru as it engages local workers in the Peruvian highlands to produce a reflective cover that can be painted on the rocks surrounding glaciers. This will stop glacial melting and help restore glacial mass#a vital form of freshwater storage in the high Andes and the world.

#### **Contact Information**

#### ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: https://www.worldbank.org/en/access-to-information/request-submission

#### ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
