Project Cost (USD)	$ 2.00 million

Project Description

According to WB documents, the key development objectives of this project are to:

1. Reduce instances of SGBV in EI communities through prevention and
awareness activities
2. Improve access to medical and social care and services for victims of SGBV through creation of dedicated facilities and training of counselors
3. Created a sustainable institutional platform for programming on SGBV issues in EI communities by strengthening partnerships between government, GBV-focused service providers and industry
4. Establish a voluntary national anti-SGBV code of conduct for industry partners
5. Create a national policy dialogue around SGBV with a view to incorporating anti-SGBV focused measures in extractive Memorandum of Agreement

Further, the project has an overall risk rating of moderate.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
