Status	Active
Bank Risk Rating	B
Voting Date	2015-01-28
Borrower	Government of Guinea
Sectors	Hydropower, Technical Cooperation
Investment Type(s)	Advisory Services
Project Cost (USD)	$ 7.50 million

Project Description

The objective of the Niger River Basin Management Project for Africa is to strengthen the institutional framework for regional cooperation in water resources in the Niger River Basin.

There are two components to the project:

1. Strengthening the Niger Basin authority for sustainably delivering its mandate. This component will support the institutional and financial strengthening of the NBA to enhance its capacity to implement its mandates. It will also support the implementation of the water charter, focusing on the process of adoption and operationalization of the Niger Basin water charter's annex two on water management regulation for the large regulating dams. Specific activities under this component are as follows: Further analysis and operationalization of selected financing mechanisms for the NBA, Implementation of the Water Charter, and Strengthening the institutional and organizational systems of the NBA.
2. Facilitating evidence based-decision making in the Fomi multipurpose project. The component will facilitate sound decision making, support an exemplary preparation process for the Fomi multipurpose development project, and, in parallel, build the capacity of the NBA through its hands-on involvement in this complex project. Through this component, the project will support NBA as they link national level needs and plans with regional processes, dialogue, and supporting analytics. The specific activities to be supported under component two are as follows: process of engagement and decision making around Fomi, institutional frameworks for Fomi multipurpose project, complementary environmental and social assessments, and donor and investor roundtables.

This project is part of the Programme for Infrastructure Development In Africa (PIDA)

Investment Description

- World Bank (WB)

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
