Bank Risk Rating	B
Voting Date	2016-10-27
Borrower	Government Republic of Cameroon
Sectors	Transport
Investment Amount (USD)	$ 192.00 million
Project Cost (USD)	$ 206.70 million

Project Description

The development objectives of Transport Sector Development Project for Cameroon are to: (a) strengthen transport planning; (b) improve transport efficiency and safety on the Babadjou-Bamenda section of the Yaounde - Bamenda transport corridor; and (c) enhance safety and security at selected airports. This project has four component. 1) The first component, Transport Planning and Capacity Building, aims at strengthening the capacity of the public sector in the planning, development, management and maintenance of transport infrastructure. It has the following subcomponents: (a) Training in transport planning, including data collection and management of modeling tools; (b) Institutional strengthening studies; (c) Preparation of the transport priority investment program (TPIP); (d) Identification and preparation of pilot transport infrastructure PPP projects; and (e) Development of a resilience and climate change adaptation strategy for land transport. 2) The second component, Road Transport Efficiency Improvement, is expected to reduce travel time between Babadjou and Bamenda by improving physical and safety conditions on the most degraded section of the priority road corridor linking the capital city of Yaoundé to Bamenda. It has the following subcomponents: (a) Rehabilitation and reconstruction of the Babadjou-Bamenda road section of the Yaoundé-Bamenda road corridor; (b) Provision of complementary infrastructure along the Babadjou-Bamenda Road section; (c) Strengthening road safety oversight; and (d) Strengthening of road asset management through provision of technical assistance and equipment. 3) The third component, Air Transport Safety and Security Improvement, focuses primarily on facilitating International Civil Aviation Organization's (ICAO) effective implementation (EI) rating of Aerodrome and Ground Assistance (AGA) at project airports (Yaoundé, Douala, Garoua

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
