Quick Facts

Countries	Mongolia
Financial Institutions	World Bank (WB)
Status	Active
Bank Risk Rating	B
Voting Date	2017-06-15
Borrower	Government of Mongolia
Sectors	Energy
Investment Amount (USD)	$ 45.00 million
Project Cost (USD)	$ 55.40 million

Project Description

The development objective of the Second Energy Sector Project for Mongolia is to improve reliability and sustainability of electricity services in Mongolia. The project comprises of three components. The first component, rehabilitation of distribution networks will have three sub-components: (i) rehabilitation of the distribution grid in Baganuur-Southeastern region electricity distribution network (BSEDN) to reduce system losses and improve reliability of and access to electricity services in selected areas of BSEDN; (ii) rehabilitation of the distribution grid in Erdenet-Bulgan electricity distribution network (EBEDN) to reduce system losses and improve reliability of and access to electricity services in selected areas of EBEDN; and (iii) provision of support to national power transmission grid (NPTG) for the carrying out of investments in switchgears in the transmission network related to sub-components i and ii, and introduction and installation of planning and management software. The second component, solar power will support investments on construction of grid-connected solar photo voltaic (PV) power generation capacity outside of the central energy system (CES), including the detailed design, supply, construction, commissioning, and operation and maintenance of a 10 megawatt-peak (MWp) solar PV power plant in western energy system (WES). The third component, capacity building will provide technical and operational assistance to strengthen the institutional, organizational, and technical capacity of the Ministry of Energy (MOE) and the project implementing units (PIUs) under BSEDN, EBEDN, and WES, to support day-to-day project implementation and management, including provision of training and carrying out of studies.

Investment Description

- World Bank (WB)

Strategic Climate Fund Grant US$ 12.4 million
Government US$ 1 million

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
