Project Description

The development objective of Partnership for Market Readiness Project is to strengthen the government of Vietnam's capacity to develop market-based instruments to reduce greenhouse gas (GHG) emissions.

Component 1: Strengthening capacity for developing carbon pricing approaches, including through supporting priority building blocks for Market Based Instruments – MBIs Comments (optional).

Component 2: Readiness to pilot selected market-based instruments Comments (optional).

Component 3. Program management and stakeholder engagement facilitation Comments (optional) This component will support MONRE to guide the implementation of the proposed activities and other MBI-related activities in Vietnam.

This component would also support enhanced stakeholder engagement and communication efforts, including the reporting of Partnership for Market Readiness-PMR project implementation progress to the NCCC - National Climate Change Competition.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org.

You can learn more about the Inspection Panel and how to file a complaint at:

<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
