Investment Amount (USD)	$ 250.00 million
Loan Amount (USD)	$ 250.00 million
Project Cost (USD)	$ 322.00 million

Project Description

According to bank documents, the development objective of the Can Tho Urban Development and Resilience Project for Vietnam is to reduce flood risk in the urban core area, improve connectivity between the city center and the new low risk urban growth areas, and enhance the capacity of city authorities to manage disaster risk in Can Tho city.

The project comprises of three components:
1.Flood risk management and environmental sanitation objective is to reduce flood related risks in the urban core of Can Tho. This component consists of a balance between structural and non-structural measures to help the city manage urban flood risk. It consists of three sub-components: (i) priority flood control investments in urban core; (ii) drainage and waste water systems; and (iii) operation of the city integrated flood risk management system and early warning system.

2. Urban corridor development objective is to increase intra-city connectivity and encourage compact, mixed-use, pedestrian, and public transport oriented urban development in the less flood prone area of Cai Rang. It consists of three sub-components: (i) road and bridge links; (ii) construction of the residential area for resettlement; and (iii) effective transport systems management and equipment. T

3. Spatial planning platform and financial and social protection instruments objective is to build management systems to improve spatial planning, data and information management, post-disaster budget execution, and the responsiveness of safety nets to flood events. It consists of two sub-components: (i) risk informed spatial planning platform; and (ii) disaster responsive social assistance system.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
