Project Description

This program document for the Second Capital Market Development and Small and Medium-Size Enterprise Finance Development Policy Loan Project has four pillars as follows : (i) Pillar A - Improve access to finance for small and young enterprises; (ii) Pillar B - Strengthen capital markets by improving the institutional framework and broadening the range of instruments; (iii) Pillar C - Improve the financial sustainability of the Caisse Marocaine des Retraites; and (iv) Pillar D - Strengthen oversight of the banking sector. This program supports a private-sector-driven economic model, as well as resilience by helping micro, small, and medium-size enterprises (MSMEs) recover from the European Union's (EU) economic slump and other recent economic challenges. The program is aligned with the World Bank Group's Strategy for Middle East and North Africa, which sets an agenda of using development to promote peace and social stability.
