Project Cost (USD)	\$ 3.80 million

Early Warning System Bhutan Weather and Disaster Improvement Regional Project

WB-P154477

Project Description

This project aims to improve Bhutan's ability to respond to and report weather events . The first is intended to strengthen the capacity for weather monitoring, forecasting and services. The second is intended to strengthen capacity for disaster preparedness and response. The third component is intended to fund the design of an agricultural weather system for improved training and greater capacity to deal with weather issues.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at:

http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
