Indonesia Infrastructure Finance Facility - Additional Financing

Project Description

The objective of the Project is to strengthen and further develop the institutional framework of the financial sector to facilitate financing of commercially viable infrastructure projects and thereby increase provision of private infrastructure in Indonesia. Key performance indicators to judge PT.

IIF's success includes the following outcomes:

- (i) increase in the number of commercially viable infrastructure projects achieving financial closure through long-term debt financing, other financial products, and advisory services from the IIFF over the life of the project;
- (ii) Increase in the amount of private capital (including long-term debt and equity) available for infrastructure projects over the life of the project;
- (iii) Increased support to government#s policymaking in private provision of infrastructure through advisory services from IIFF; and
- (iv) Increase in privately financed infrastructure in Indonesia.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at:
