Sectors	Humanitarian Response, Law and Government
Investment Type(s)	Grant
Investment Amount (USD)	$ 80.00 million
Project Cost (USD)	$ 80.00 million

Project Description

According to bank documents, the project objective is to sustainably restore agricultural livelihoods, reconstruct critical public infrastructure to improved standards in the flood-affected districts, and improve the Government of Malawi's disaster response and recovery capacities.

The project has four components:

1. Livelihoods restoration and food security. That component is comprised of two sub-components:
    i. labor-intensive community infrastructure repair and
    ii. restocking of the strategic grain reserve.
2. Infrastructure rehabilitation and reconstruction. Four sub-components comprise this one:
    i. reconstruction and improvement of roads and bridges
    ii. irrigation and rural water supply and sanitation,
    iii. water resource management
    iv. rehabilitation and reconstruction of education and health facilities.
3. The third component, promoting disaster resilience, contains two sub-components. They are:
    i. institutional strengthening of Department of Disaster Management Affairs (DoDMA) and
    ii. multi-sector design of disaster resilient infrastructure.
4. Program Management

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
