Project Description

The development objective of the Power Distribution Development Program for Results (PforR) Project for Indonesia is to increase access to electricity services and to improve the efficiency and reliability of their delivery in selected areas of Indonesia. The PforR program to be supported by the Bank is a geographic slice of the distribution component of the Rencana Usaha Penyediaan Tenaga Listrik (RUPTL) in that it will only cover Indonesia's Sumatra region out of the national distribution plan for the period 2015-2019. It is also a time slice in that it covers the first five years of the sector expansion plan for the period 2015-2019. PT. Perusahaan Listrik Negara (PERSERO), Indonesia's power utility (PLN's) strategy is mobilize substantial private sector resources for generation and to focus its own resources and those from multilateral funding agencies to finance transmission and distribution activities.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org.

You can learn more about the Inspection Panel and how to file a complaint at:
