Project Description

This project finances improvements in the planning and implementation capacity of water sector institutions and increased access to water supply services in selected urban towns and rural districts. This includes four components: i) Supporting the development of the key sector institution; ii) Develop a framework for the coordination, planning, and implementation of water and sanitation in rural and peri-urban; iii) Support the expansion of water and sanitation services to urban areas, specifically in district and provincial towns; and iv) Allow for the rapid reallocation of funds from other components to provide emergency relief, recovery, and reconstruction support in the event of a natural disaster, emergency and/or catastrophic event.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at:
