Citizens Charter Elements

## Quick Facts

<b>Countries</b>	Afghanistan
<b>Financial Institutions</b>	World Bank (WB)
<b>Status</b>	Canceled
<b>Bank Risk Rating</b>	B
<b>Borrower</b>	Government of Afghanistan; Ministry of Finance
<b>Sectors</b>	Education and Health, Infrastructure, Law and Government, Water and Sanitation
<b>Project Cost (USD)</b>	\$ 490.00 million

## Project Description

According to WB documents, the Citizen's Charter National Priority Program (CCNPP) is a compact between the population and the government. CCNPP will set a threshold of core infrastructure and services that the government will provide to all communities over the next ten years. Some of the critical services include: basic education and health services; safe drinking water; access to roads, irrigation, and energy/electricity. It builds upon the community platform already developed with CDCs throughout the country to improve service delivery and monitoring. The Charter is not only about the delivery of services but the standards of service delivery citizens can expect. Over time, as capacity develops, other services such as disaster relief, refugee integration and local-level dispute resolution can be brought into the Citizen's Charter umbrella. Furthermore, the CCNPP will coordinate closely with the government's National Priority program for Economic Empowerment of Women to ensure that assistance is coordinated and reaching poor women. The exact service standards will be finalized during pre-appraisal with an eye towards budget realism, implementation feasibility, and clarity in communicating standards to citizens. The project has the following components:

Component 1. Block Grants

Component 2. Institution Building

Component 3. Monitoring and Knowledge Learning

Component 4. Project Implementation and Management
