Borrower	Government of Sri Lanka
Sectors	Agriculture and Forestry
Investment Type(s)	Loan
Investment Amount (USD)	$ 125.00 million
Project Cost (USD)	$ 169.84 million

Project Description

The development objectives of Agriculture Sector Modernization Project for Sri Lanka are to support increasing agriculture productivity, improving market access, and enhancing value addition of smallholder farmers and agribusinesses in the project areas. This project has three components. 1) The first component, Agriculture Value Chain Development, seeks to promote commercial and export-oriented agriculture; attract and leverage investments from farmer producer organizations and agribusinesses for high value agriculture production and value addition; and provide the enabling environment, incentives, and access to finance for such investments through matching grants, technical assistance support, linkages to the commercial banking sector, and a Partial Credit Guarantee (PCG) facility. It has three sub components as follows: (i) investment preparation support; (ii) matching grants to farmer producer organizations and agribusinesses; and (iii) partial credit guarantee. 2) The second component, Productivity Enhancement and Diversification Demonstrations, aims at supporting smallholder farmers to produce competitive and marketable commodities, improve their ability to respond to market requirements, and move towards increased commercialization. It has four sub components as follows: (i) farmer training and capacity building; (ii) modern agriculture technology parks; (iii) production and market infrastructure; and (iv) analytical and policy advisory support. 3)The third component, Project Management, Monitoring and Evaluation, will support the Project Management Units (PMUs) of Ministry of Primary Industries (MOPI) and Ministry of Agriculture (MOA) and the Provincial Project Management Units (PPMUs) in the participating provinces in project management and coordination, technical supervision, financial management, procurement, social and environmental safeguards, and monitoring.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
