Borrower	Government of Senegal
Sectors	Education and Health
Project Cost (USD)	$ 11.05 million

Project Description

The objectives of the Social Safety Net Project are to support the establishment of building blocks for the social safety net system and to provide targeted cash transfers to poor and vulnerable households. The Additional Financing (AF) aims to scale up the existing project and strengthen the foundations it has established for the social protection system (through a national registry and a nationwide conditional cash transfer program that reaches all localities). It will also introduce adaptive elements in the social protection system to make poor households more resilient to shocks, including the design of procedures to scale up support in times of regular shocks and to promote greater resilience and productive capacity among the poorest, as well as the temporary expansion of transfer programs for households affected by shocks (temporary transfers), the preferential inclusion of poor households in existing resilience programs, the provision of activities to promote behavioral changes necessary to improve resilience, and the provision of one-off monetary transfers to promote the adoption of good productive practices among target households.

Investment Description

- World Bank (WB)

ACCOUNTABILITY MECHANISM OF WORLD BANK
The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at:
http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
