## Project Description

The Project Development Objective: To support Kenya's leading ICT focused business enabler (m:lab East Africa) to improve and scale-up its service models and better foster the growth of digital entrepreneurs.

The project is to extend capacity and service portfolio of m:lab East Africa to launch globally competitive, growth-oriented, mobile and digital technology businesses and further position it as a regional hub for the advancement of digital entrepreneurship. The project activities build upon earlier projects of T&C's Digital Entrepreneurship Program (formerly Mobile Innovation Program), which has designed, tested and derived lessons from 13 mobile business enablers (mLabs and mHubs) in Asia, Africa, ECA and the Caribbean.
