Project Description

The objective of Safety Nets Project for Chad is to pilot cash transfers and cash-for-work interventions to the poor and lay the foundations of an adaptive safety nets system. The project has 3 components. The first component, safety nets pilots, will provide income opportunities to poor households in three different areas of Chad, with Cash Transfers (CTs) and Cash-for-Work (CfW) activities; the second component, development of service delivery instruments, will support the development and use of new service delivery instruments and new institutional arrangements in Chad, including identification, registration, and payment systems; and the third component, project management, communication, and monitoring and evaluation, will support the establishment of the Safety Net Units with strong implementation capacity.
