Investment Amount (USD)	$ 300.00 million
Project Cost (USD)	$ 330.00 million

Project Description

The development objective of Water and Sanitation Development Project is to improve water supply and sanitation services in select coastal and northeastern regions in Kenya. This project has four components. 1) The first component, Rehabilitation and expansion of urban water supply and sanitation services in the coastal region, has the following subcomponents: (i) Support to coastal counties; and (ii) Support to the coast bulk water services provider. 2) The second component, Expansion of water supply and sanitation services in underserved northeastern counties, aims to finance a program of activities designed to improve water supply and sanitation services in the northeastern counties, such as Wajir town in Wajir County and the Dadaab refugee camp host communities in Garissa County. 3) The third component, National performance-based financing, has the following two subcomponents: (i) Support for water and sanitation infrastructure investments and services; and (ii) Technical assistance for national performance-based financing. 4) The fourth component, Project management, finance a program of activities designed to strengthen the capacity of the Recipient for project management, implementation and coordination, and Monitoring and Evaluation (M and E).

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
