Project Description

According to bank documents, two project components will provide a total of US\$150 million to be intermediated by UkrEximbank through on-lending to banks and by direct lending targeting export oriented SMEs and LEs with domestic value chains. The credit line, guaranteed by the Ukrainian government, will be intermediated by UkrEximbank, which will be the Borrower and implementing agency for this project.

Under Component 1 (US\$100 million), UkrEximbank will on-lend funds through PFIs. UkrEximbank will select PFIs pursuant to criteria agreed with the World Bank, and subject to no objection by the World Bank. The selected PFIs will, in turn, provide sub-finance to private export oriented LEs and SMEs, the final beneficiaries of the credit line. The PFIs will assume the credit risk of the sub-borrowers that will be selected based on agreed upon eligibility criteria. UkrEximbank will have exposure only to the selected PFIs and will assume the credit risk for on-lending funds to PFIs. Sub-finance will be for longer term capital investment and working capital financing (to accommodate the nature of export finance, potential delays in the payments for goods sold and services provided in an uncertain macro-financial environment, as well as, more generally, to provide flexibility to smaller size enterprises).

Under Component 2 (US\$50 million), UkrEximbank will act as a PFI. UkrEximbank will lend directly to export oriented SMEs only, assuming the credit risk of sub-finance to the sub-borrowers. The eligibility criteria of sub-finance and for sub-borrowers will be different under Component 1 and 2 to reflect the differences in financing models. UkrEximbank direct lending will be more targeted (e.g. in terms of targeting only SMEs, longer maturity, etc.).

Investment Description

- World Bank (WB)

International Bank For Reconstruction And Development: USD 150,000,000.00

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
