Project Description

The development objective of the Employment Opportunities for Vulnerable Youth Project for Togo is to provide access to income generating opportunities to targeted poor and vulnerable youth in Togo. The project comprises of four components. The first component, community service and training gives poor and vulnerable youth beneficiaries, who have generally never held a structured work opportunity, the chance to develop good work habits, and gain civic values in participating in something of value to the community. It consists of two sub-components: (i) community service sub-projects; and (ii) life skills, micro-entrepreneurial training, and on-the-job technical training. The second component will support income generating activities. The third component, capacity building consists of two sub-components: (i) capacity building for implementation of youth employment programs; and (ii) community capacity-building. The fourth component project management objective is to support activities related to project management and coordination.
