## Project Description

The development objectives of the Second Additional Financing for the Rural Community Development and Water Mobilization Project (Prodermo) for Dijbouti is to increase access of rural communities to water and enhance their capacity to manage water and agro-pastoral resources in the project areas using a participatory approach to community-based development. It comprises the following three components. 1) Priority community investment sub-projects, 2) Capacity building and provision of technical assistance and 3) Project coordination and management. The proposed additional financing is to scale up the parent project activities to six additional neighbor pastoral areas and amend the current project location to include the Arta Region for the benefits of an additional 3,740 households to enhance, expand and sustain expected outcomes or outputs.
