## Project Description

The development objective of the Urban Water Project for Guinea are to increase access to improved water services in the Greater Conakry area and improve the operational efficiency of the urban water utility. The project components were selected on the basis of (a) the Guinea urban water supply diagnostic study and reinforcement plan, 2013 (ARTELIA) and (b) the urban water supply master plan for Conakry (1996) with further refinements during preparation (including the urban water supply for Conakry options, World Bank 2016) and lessons learned from the recent World Bank engagement in the water and sanitation sectors in Conakry.

### ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org). You can learn more about the Inspection Panel and how to file a complaint at:
