St. Vincent and the Grenadines RDVRP AF

Quick Facts

Countries	St. Vincent and the Grenadines
Specific Location	Congo Valley
Financial Institutions	World Bank (WB)
Status	Active
Bank Risk Rating	B
Voting Date	2017-03-02
Borrower	Government of St. Vincent and the Grenadines
Sectors	Climate and Environment, Infrastructure
Investment Type(s)	Grant
Investment Amount (USD)	\$ 6.81 million
Project Cost (USD)	\$ 6.81 million

Project Description

This specific project is a request for additional financing for the parent program, P117871. The program aims at measurably reducing vulnerability to natural hazards and climate change impacts in the Eastern Caribbean Sub-region. The objective of the Project in Saint Vincent and the Grenadines is to measurably reduce vulnerability to natural hazards and climate change impacts in Saint Vincent and the Grenadines and in the Eastern Caribbean Sub-region. The achievement of the Program Development Objectives of the Regional Disaster Vulnerability Reduction Program (RDVRP) would be measured using the following key indicators: (a) Reduced risk of OECS population to failure of public buildings and infrastructure due to natural hazards or climate change impacts; and (b) Increased capacity of OECS Governments to identify and monitor climate risk and impacts.

Specifically, additional financing activities would further reduce vulnerability to climate change by potentially financing: (a) reconstruction of the Chateaubelair jetty; and (b) rehabilitation of road infrastructure, including potentially: (i) realignment and upgrading of the Ginger Village road; (ii) reconstruction of bridge #2 and associated road works in Congo Valley; (iii) rehabilitation of Longline Bridge and road; and (iv) reconstruction of feeder roads. In addition, additional financing activities would scale-up overall project management, and in particular to provide adequate financial management support and technical support for supervision of civil works and to enhance the capacity of the Ministry of Transport and Works.

Investment Description

- World Bank (WB)

The World Bank's European Commission Development Fund is granting US\$6,811,043.00 of Investment Project Financing to the Ministry of Finance and Economic Planning for this project.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: <http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
