Project Description

The development objective of the State Health Investment Project for Nirgeria is to increase the delivery and use of high impact maternal and child health interventions and improve quality of care at selected health facilities in the participating states. The proposed Additiona Financing (AF) of 125 million US dollars is required to scale-up the parent project to the States in the North East (NE) of Nigeria (Bauchi, Borno, Gombe, Taraba and Yobe) which have been affected by the conflict. The AF will extend emergency support that will help build resilience for service delivery in conflict situation. With the proposed AF, the closing date for the project will be extended by two years to June 30, 2020.
