Early Warning System

Myanmar Flood and Landslide Emergency Recovery Project

WB-P158194

Quick Facts

Countries	Myanmar
Specific Location	Chin, Rakhine, Ayeyarwady, Bago, Magway, Sagaing
Financial Institutions	World Bank (WB)
Status	Approved
Bank Risk Rating	B
Voting Date	2016-07-14
Borrower	GOVERNMENT OF MYANMAR
Sectors	Agriculture and Forestry, Infrastructure, Transport
Investment Type(s)	Loan
Investment Amount (USD)	$ 200.00 million
Project Cost (USD)	$ 200.00 million

Project Description

The Flood and Landslide Emergency Recovery Project responds to the priority sectors and geographic areas identified in the PDNA. First, the project will help to close the financing gap in the transport sector, which was the hardest-hit public sector. It will focus on the geographic areas that experienced the highest damages in the transport sector. Second, livelihood support through labor-intensive rehabilitation and maintenance of rural roads will help alleviate the suffering of the most-affected segments of society with both immediate and long-term benefits of income generation, capacity building, increased connectivity as well as business opportunities. Third, the project will support the recovery in the agricultural sector by financing a positive list of goods, including seeds and animal feed, through a contribution to the IDA IRM. The project areas of intervention were selected based on the following criteria: (i) the level of impact sustained as documented by the PDNA, (ii) the number of poor and vulnerable populations, and (iii) consideration of recovery interventions by development partners. The project interventions will focus on the States and Regions which experienced the highest per capita damages, including Chin, Rakhine, Ayeyarwady, Sagaing, Magway, Bago, and Yangon. In the preparation of the proposed project, the World Bank is closely cooperating with the ADB and the Japan International Cooperation Agency (JICA) in particular to avoid overlap and ensure investment synergies. The project consists of four components: (i) Resilient Rehabilitation of National Roads, (ii) Resilient Rehabilitation of Rural Roads and Livelihoods Support, (iii) Emergency Response, and (iv) Project Management and Knowledge Support.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
