Project Description

This project finances additional funding for the Da Nang Sustainable City Development Project which aims to expand access to improved drainage, wastewater collection and treatment services, the arterial road network, and public transport in selected areas of Da Nang City. This includes infrastructure improvements in drainage and wastewater, bus rapid transit, and urban strategic roads.

The project consists of five main components.

Component 1: Drainage and Wastewater Improvement-Wastewater Collection and Treatment: development of separate sewer/house connection system in the coastal tourism area of My An-My Khe.

Component 2: Bus Rapid Transit Development- (c) introduction of integrated fare collection and Intelligent Transport Systems (ITS) for public transport including BRT system.

Component 3: Urban Strategic Roads-and the improvement of DH2 (Hoa Nhon-Hoa Son) Road.

Component 4: Technical Assistance and Capacity Building

Component 5: Transferred Activities of Da Nang Priority Infrastructure Investment Project

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
