Project Description

The World Bank intervention will support Syrian refugees and the Jordanian host communities. The Compact's approach is anchored on three interlinked pillars, to support Jordan's growth agenda whilst maintaining its resilience and economic stability: (a) Turning the Syrian refugee crisis into a development opportunity; that attracts new investments and opens up the EU market with simplified rules of origin—all with the aim to create jobs for Jordanians and Syrian refugees whilst supporting the post-conflict Syrian economy; (b) Strengthening Jordanian host communities' resilience to the refugee crisis by adequately financing public services through grants, in the context of the Jordan Response Plan 2016–2018, in particular the resilience of host communities; and (c) Mobilizing sufficient grants and concessional financing to support the macroeconomic framework and address Jordan's financing needs over the next three years.
