Voting Date	2018-03-29
Borrower	Government of People's Republic of Bangladesh
Sectors	Construction, Energy
Investment Type(s)	Loan
Investment Amount (USD)	$ 450.64 million
Project Cost (USD)	$ 718.06 million

Project Description

According to website of the World Bank, the objective of the '*Enhancement and Strengthening of Power Transmission Network in Eastern Region Project*' for Bangladesh is to increase the transmission capacity and reliability of the electricity network in the eastern region and strengthen the institutional capacity of the Power Grid Company of Bangladesh Limited (PGCB).

The project comprises of two components.

Componnent 1: The first component, enhancement and strengthening of power network will cover the following activities:

(a) 13 new substations; (b) transmission lines; and (c) replacement of substation and reconductoring.

Componnent 2: The second component, institutional development and implementation support will cover project supervision as well as hiring of an independent procurement expert to help in the evaluation of the international competitive bids. It consists of following sub-components:

(i) Definition and implementation of a new corporate maintenance strategy

(ii) Technical assistance (TA) for PGCB’s institutional development and implementation support.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
