Kenya: Off-grid Solar Access Project for Underserved Counties

Quick Facts

Countries	Kenya
Financial Institutions	World Bank (WB)
Status	Active
Bank Risk Rating	B
Voting Date	2017-07-26
Borrower	The National Treasury
Sectors	Energy
Investment Amount (USD)	\$ 150.00 million
Project Cost (USD)	\$ 150.00 million

Project Description

The objective of the Off-grid Solar Access Project for Underserved Counties is to increase access to modern energy services in underserved counties of Kenya. There are four components to the project, the first component being mini-grids for community facilities, enterprises, and households. This component will support the electrification of areas where electricity supply through mini-grids represents the least-cost option from a country perspective, as underpinned by the geospatial plan. The second component is the stand-alone solar systems and clean cooking solutions for households. This component includes two subcomponents: stand-alone solar systems for households, and clean cooking solutions for households. The third component is the stand-alone solar systems and solar water pumps for community facilities. This component includes two subcomponents: stand-alone solar systems for community facilities, and solar water pumps for community facilities. Finally, the fourth component is the implementation support and capacity building. This component includes two subcomponents: consumer education and citizen engagement, and implementation support and capacity building.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at:

<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
