Investment Type(s)	Loan
Investment Amount (USD)	$ 154.60 million
Loan Amount (USD)	$ 154.60 million
Project Cost (USD)	$ 200.00 million

Project Description

According to bank documents, the proposed World Bank funded project of US$200 million will be part of Phase I of the US$510 million government's roads program, and will be likely complemented by a US$100 million financing requested by the GOL from other donors. This project has three components:

1) The first component, Roads Rehabilitation and Maintenance, will primarily finance works for the rehabilitation and maintenance of about 500 kilometers of primary, secondary, and tertiary roads, including road safety and spot improvements as well as supporting consultancy services.
2) The second component, Improving Road Emergency Response Capacity, aims at improving the capacity of the Ministry of Public Works and Transport (MPWT) to deal with road emergency works, especially those induced by snow and climate extremes.
3) The third component, Capacity Building and Implementation Support, is aimed at building the capacity of the Lebanese agencies in the planning and management of the road sector.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
