Status	Active
Bank Risk Rating	U
Voting Date	2017-06-08
Borrower	MINIST.ECONO.FINANCES ET DEVELOPPEMENT
Sectors	Hydropower
Investment Amount (USD)	$ 80.00 million
Project Cost (USD)	$ 81.28 million

Project Description

The objectives of the Electricity Sector Support Project for Burkina Faso are to contribute to: (a) increasing access to electricity; (b) improving the reliability of electricity supply; and (c) improving efficient use of energy in targeted areas. The AF will scale up and maximize the development impact of the ESSP by supporting: (a) introduction of low-cost solar resources in Burkina Faso's energy mix; (b) reinforcement of the network to allow for integration of more intermittent solar power; and (c) technical assistance to sector entities for capacity building and transaction advisory services to develop private sector-led independent power producer (IPP) projects. The AF will scale up activities under the ESSP, particularly component one (improving the reliability of energy supply) and component four (institutional strengthening and capacity development). The project will also be restructured to provide for a closing date extension to June 30, 2021 to allow for completion of activities under the project, particularly for the proposed AF. The disbursement estimates, implementation schedule and results framework will also be revised in line with the new activities and closing date.

Investment Description

- World Bank (WB)

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at:
http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
