Project Description

The activity's development objective is to reduce the cost and increase the availability of ICT services in Palau. The project is intended to support the analysis of options to: (i) reposition the ownership, governance, management and operational arrangements of PNCC and BSCC; and (ii) attract new private sector led investment and promote effective competition. The focus is to maximize private sector involvement, while ensuring that the benefit(s) of competition and public investment in the ICT sector flows through to end-users (disaggregated to include analysis of potential gender impacts).

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
