## **Project Description**

According to WB documents, the project aims to restore land productivity in targeted degraded landscapes and, in the event of an eligible crisis or emergency, to provide immediate and effective response to said eligible crisis or emergency. The project has the following components:

Component 1. Institutional Development and Capacity Building for Landscape Restoration and Resilience

Component 2. Sustainable Landscape Management Practices

Component 3. Improved Management of Protected Areas and Reserves

Component 4. Contingency Emergency Response (CERC)

Component 5. Project Management, Coordination, and Monitoring
