Rural Electrification Project Stage II

Early Warning System
Rural Electrification Project Stage II

WB-P160658

Quick Facts

Countries	Vanuatu
Financial Institutions	World Bank (WB)
Status	Approved
Bank Risk Rating	B
Voting Date	2017-05-31
Borrower	Ministry of Finance and Economic Management, Ministry of Climate Change and Natural Disaster
Sectors	Energy
Investment Type(s)	Loan
Investment Amount (USD)	$ 4.00 million
Loan Amount (USD)	$ 4.00 million
Project Cost (USD)	$ 14.17 million

Project Description

According to World Bank website, The objective of the Second Rural Electrification Project Stage Project is to support increased penetration of renewable energy and increased access to electricity services in the dispersed off-grid areas of Vanuatu. There are three components to the project:

Component 1. Provision of solar home systems and micro grids systems in rural areas of Vanuatu. This component will support expansion of access to reliable electricity service in rural Vanuatu through SHS and micro grid configurations where mini grid configurations are unlikely to be economically viable and which are not earmarked for mini grids under this or other donor or government projects or are the least cost solution. SHS and micro grids will be available to rural households and public institutions. This component will target approximately 37 public institutions and 8,400 rural households, which equates to approximately 42,000 people.

Component 2. Construction of Mini Grids systems in rural areas of Vanuatu. This component will support the expansion of access to reliable electricity services for rural communities through support for the design, supply, installation and commissioning of mini grid systems. The project will finance the construction of five mini grids, based on initial cost estimates.

Component 3.Technical assistance and project management. This component addresses three key areas of the project, the first focusing on the vendor registration model for Component one, the second focusing on owners' engineer for component two and the third focusing on project management.

Investment Description

- World Bank (WB)

Contact Information

Team Leader: Kamleshwar Prasad Khelawan
Senior Energy Specialist, World Bank
No contact information provided at the time of disclosure.

Borrower/Client/Recipient: Ministry of Finance and Economic Management
Letlet August, Director General
Email Address: laugust@vanuatu.gov.vu

Implementing Agencies: Department of Energy, Ministry of Climate Change and Natural Disaster
Antony Garae, Director
Email Address: gantony@vanuatu.gov.vu

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
