Project Description

The development objective of the Social Protection Enhancement Project for West Bank and Gaza (WB and G) is to establish a single targeting and referral system to provide cash benefits and services to poor and vulnerable households. The project comprises of four components. The first component, cash transfer program (CTP) support will finance cash transfers for about 5,000 households in the WB and G, representing 4 percent of the total of the CTP. The second component, social registry (SR) will provide technical and financial support to: (i) develop, feed, and update the SR inclusion and information system (architecture, software, hardware, operations manuals (OMs), and household registration, among others); (ii) establish a legal framework for it as functional entry point for social programs; and (iii) assure the transition of beneficiaries of CTP and other programs into the SR. The third component, case management system (CMS) will finance the development and implementation in selected areas of a CMS. The fourth component, program management and monitoring will ensure that the Ministry of Social Development (MoSD) team is operational and the project is implemented in accordance with the legal agreement, the project appraisal document (PAD), and the project OM.
