Project Description

The objective of the Investing in the Early Years for Human Development Project is to improve delivery of select services that promote early childhood development in underserved areas of Senegal. There are four components to the project, the first component being child nutrition and early stimulation in the first 1,000 days. The objective of this component is to improve child nutrition and early stimulation, especially in the first 1,000 days. The second component is the quality early learning. The objective of this component is to expand access to quality early learning services. With this component, the GoS aims to improve children's cognitive and socio-emotional development and facilitate children's on-time transition to primary school through quality early learning interventions. The third component is the child protection and system strengthening. The objective of this component is to expand coverage of services to protect children and build system capacity to coordinate and promote child development. The fourth component is the project management and technical assistance.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
