Infrastructure Management Toolkit for Fragile States

Early Warning System

Infrastructure Management Toolkit for Fragile States

WB-P161891

Quick Facts

Countries	Afghanistan
Financial Institutions	World Bank (WB)
Bank Risk Rating	C
Sectors	Infrastructure
Project Cost (USD)	$ 0.16 million

Project Description

This project will finance the development of an Infrastructure Management Toolkit for fragile conflict affected states. The stated objective is to improve the understanding of infrastructure design, financing, and management in fragile state and situations.

According to World Bank documents, the key results will include:

- Pilot online courses in infrastructure management including public participation.
- Workshop to gather feedback from users on proposed courses.
- Portal for global sources on success stories, expertise and other material on infrastructure design and management.
- First testing in Afghanistan.

Investment Description

- World Bank (WB)

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
