Project Description

The project aimed at boosting the resilience of Samoa to some of the majorrisks threatening its sustainable growth and development. The proposed operation will strengthen Samoa’s macroeconomic and financial resilience, including through increasingrevenue collection to help build the fiscal buffers necessary to respond to external shocks. It will also support the Government of Samoa’s (Government) efforts to increase Samoa's resilience to the effects of climate change, natural disasters, and non-communicable diseases (NCDs). Under the proposed operation, the World Bank (WB) will continue to support the implementation of reforms that have been prioritized by the Government, and that are closely aligned with target areas identified in the Strategy for the Development of Samoa 2017–2020 (SDS), including economic sustainability and business development, improved health outcomes, and climate and disaster resilience.
