Project Description

The objective of the project is to contribute to improved capacity of public institutions to: i) supervise the banking system; ii) promote access to finance; iii) manage public finances; and, iv) produce national statistics. Project will be implemented through four components.

1. Financial soundness and access component - will strengthen the Central Bank’s capacity and systems in order to enhance financial sector soundness and increase access to financial services.
2. Strengthening budget credibility, tax base, and SOE governance component will strengthen the capacity of the MoF to increase budget credibility, broaden the tax base and improve the governance and oversight of SOEs.
3. Property registration and statistical development component will support the systems, capacity, and information reporting abilities for property registration and the National Statistics Institute (INE).
4. Project implementation support component will finance staff of the project implementation unit in charge of coordination, procurement, and financial management of theproject.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
