Borrower	Democratic Republic of Congo
Sectors	Finance
Investment Amount (USD)	$ 25.00 million
Project Cost (USD)	$ 25.00 million

Project Description

The development objective of the Statistics Capacity Building Project for Republic of Congo are to (i) strengthen the National Statistical System in the production and, dissemination of timely and robust statistics relevant for policies and decision making, and (ii) promote the demand for statistical information. The proposed additional financing (AF) would help close the financing gap that resulted from the Government's inability to release the anticipated counterpart funding. In the past two years, the Republic of Congo has been facing severe financial constraints due to the decline in oil prices. The additional loan would also help finance costs associated with new activities requested by the Government including the (a) construction of a new building for the National Institute of Statistics (Institut National des Statistiques, INS) and the Center for Applied Statistics and Planning (Centre d'Application de la Statistique et de la Planification, CASP) – ('complexe INS-CASP'); (b) implementation of a general enterprise census; (c) introduction of performance-based payments (PBPs) as a means to increase motivation and performance of staff; (d) technical assistance (TA) to support the macroeconomic framework committee; and (e) support to the development of a National Development Plan (NDP).

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
