Borrower	Government of Pakistan
Sectors	Agriculture and Forestry
Investment Type(s)	Loan
Loan Amount (USD)	$ 300.00 million
Project Cost (USD)	$ 300.00 million

Project Description

The development objective of the Strengthening Markets for Agriculture and Rural Transformation (SMART) in Punjab Program Project for Pakistan is to increase the productivity of crop and livestock farmers, improve their climate resilience, and foster agribusiness development in Punjab. The proposed SMART Punjab Program aligns with the World Bank objectives of private sector development and inclusion, set out in the Country Partnership Strategy (CPS) (FY2015–20), and with the twin goals of ending extreme poverty and promoting shared prosperity. The SMART Punjab PforR will help the government promote transformational change in the crop and livestock subsectors by focusing on activities contributing to three Results Areas: (a) increased on-farm productivity and value of crops and livestock; (b) increased value addition and competitiveness of crops and livestock; and (c) enhanced resilience of smallholder farmers to climate change and natural disasters.

Investment Description

- World Bank (WB)

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
