<b>Project Cost (USD)</b>	\$ 36.00 million

### Project Description

The development objective of the Smallholder Agricultural Production Restoration and Enhancement Project for Yemen is to increase the use of productivity and nutrition-enhancing agricultural practices by smallholders in targeted project areas. The project comprises of three components. The first component, community subprojects and investments will finance priority subprojects and investments to increase smallholders' production, income, and nutrition. It consists of following sub-components: (i) strengthening community land and water management; (ii) improving animal husbandry, livestock production, and animal health services; and (iii) improving livelihoods and adding value to agriculture. The second component, capacity building and extension will finance: (i) capacity building activities to strengthen skills of stakeholders involved in service provision in the project areas; and (ii) extension activities for project beneficiaries in a range of fields. The third component will support project administration and management, and monitoring and evaluation (M and E) activities to ensure satisfactory project implementation.

### ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org).

You can learn more about the Inspection Panel and how to file a complaint at:  
<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
