Project Description

According to bank documents, the objective of the project would be to mitigate the negative impact of the economic reforms on the vulnerable population through

i. enhancing the financing of youth, women and micro-entrepreneurs in lagging regions and
ii. strengthening of SFD efficiency and sustainability.

The proposed project would include two results areas:

1. Results Area 1: the first results area would focus on increasing the number of new young and women micro-entrepreneurs in the lagging regions having access to financial services.
2. Results Area 2: a second results area would focus on the modernization and transformation of SFD, mainly through improvement to its institutional and legal
mandate, funding diversification (including from the private sector), operational efficiency (including enhanced targeting to micro-entrepreneurs), product development, and improved monitoring and evaluation systems.
