Project Description

The objective of the project is to enable access to e-government and promote efficiency of selected revenue administration services. The project comprises of three components.

1. Strengthening e-government foundation and institutional building - consists of three interrelated sub-components, including:
 - i. the development of a digital platform and e-services,
 - ii. the establishment of a citizen service center (CSC) pilot, and
 - iii. institution building.
2. Tax and customs modernization - will support the revision of various tax legislation for more coherent and efficient tax and customs administration.
3. Project management - will support the establishment and operation of a project coordination unit (PCU) located within national agency for state information system (ANSIE) to support coordination and manage project implementation.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: <http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
