Project Description

According to the bank document, the Project Development Objective is to improve the resilience of the Recipient to the impacts of climate change on freshwater supply and coastal infrastructure. The activities proposed for additional financing will enable the Government of Kiribati to scale-up and move forward the work already being undertaken to support key government priority activities, as captured in the Kiribati Adaptation Program's (KAP III) development objective and components. The Government will be able to take advantage of the existing KAPIII mechanisms, and allow the project to increase the scope and sustainability of the outcomes envisaged under the original KAP III design. Specifically, support is proposed for the activities described below.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
