Project Description

The objectives of the Additional Financing for the Second Land Administration Project for Nicaragua are: (a) to strengthen the property rights of the population in the Project area through improved regularization, titling, and registry services; and (b) to improve Nicaragua's capacity to respond promptly and effectively to an eligible emergency.

The Additional Financing focuses on: (i) expanding the Integrated Cadastre Registry Information System (SIICAR) in Managua and Estelí; (ii) scaling-up cadastral, titling, and regularization services; (iii) strengthening municipal cadastre capacity; and (iv) supporting land administration studies and Project management, monitoring and evaluation. The Additional Financing will use the existing implementation arrangements, with the exception of two of the co-executing agencies, the National Institute for Development Information (INIDE) and the Ministry of Environment and Natural Resources (MARENA), given that their activities will be completed under the original credit.

Investment Description

- World Bank (WB)

This investment project financing consists of a USD 18 million loan from the World Bank's International Development Association (IDA). To allow sufficient time to complete all Additional Financing activities, the project's closing date will be extended by 18 months, from December 31, 2018 to June 30, 2020.
