Improving the Efficiency and Sustainability of Charcoal and Woodfuel Value Chains

Early Warning System

WB-P163358

Improving the Efficiency and Sustainability of Charcoal and Woodfuel Value Chains

Quick Facts

Countries	Rwanda
Specific Location	Northwest Rwanda
Financial Institutions	World Bank (WB)
Status	Approved
Bank Risk Rating	B
Voting Date	2017-11-14
Borrower	Republic of Rwanda
Sectors	Agriculture and Forestry
Investment Type(s)	Loan
Project Cost (USD)	$ 3.99 million

Project Description

According to WB documents, the project development objective is to improve the efficiency and sustainability of woodfuel value chains in Northwest Rwanda. The project will result in a major advance in woodfuel management across the Gishwati-Mukura landscape by improving woodlot management practices, increasing the efficiency of charcoal production and improving seed quality for increased resilience.

Investment Description

- World Bank (WB)

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
