Project Cost (USD)	\$ 658.00 million

### Project Description

According to bank documents, the project objective is to improve access to potable water service in selected areas of Luanda mobilizing commercial financing for the Government of Angola.

The Bitá water supply project is a national priority investment to expand and improve water supply service in the fast growing unserved urban and peri-urban belts of south Luanda. The Project consists of water production, transmission, storage and distribution investments including a water treatment plant with a production capacity of 3 cubic meters per second, 72km of gravity transmission pipelines towards Luanda, and storage and distribution systems in the suburban districts of Bitá, Cabolombo, Mundial and Ramiros.

## ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org). You can learn more about the Inspection Panel and how to file a complaint at: <http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
